Tom,

The production has been uploaded to the production FTP. The password for the zip file is SFFA12112017 and the FTP credentials are in the attached cover letter.

Best,
Alex

Tom,

We are loading a new production on the FTP today and wanted to give you a heads up. The production consists of two previously unavailable documents reflecting data and analysis from the most recent University climate survey. We'll let you know when it is available for download.

Please let me know if you have any questions.

Best,
Marianne
